Aston Lark Real Estate

As the property landscape changes, so does the insurance requirements of our clients. We've developed bespoke programmes that meet the needs of a wide variety of investment businesses including:

Whilst broad policy coverage and competitive premiums are important, we believe in offering all of our clients a streamlined service proposition that is tailored to meet their needs. We believe that insurance should be 'made to measure', not one size fits all. We couple this ethos with a pride in providing a 10 out of 10 customer service to each and every client.

Aston Lark Real Estate offers a unique solution to any insurance and risk management requirements our clients have. We are in the unique position to provide a wide range of knowledge and expertise through one dedicated point of contact. Property owners and investors will have insurance requirements for, but not limited to, Property Damage, Business Interruption, Employers' Liability, Public and Product Liability, Directors' and Officers', Legal Indemnities and Cyber Risk Protection Insurance.

We never view any two businesses as the same; our team's primary objective is to truly understand our clients' businesses and risk appetites, therefore ensuring we provide a bespoke insurance and risk management offering.

Our team of experienced insurance individuals are able to provide specialist advice on all aspects of insurance and risk management, sourcing bespoke solutions for them.

From a single property to a large property portfolio, including overseas exposures, we are able to fulfil the demands and needs of our clients. There is never a task too big or too small and they will provide you with specialist advice throughout your day-to-day dealings.

Claims handling is at the heart of our service proposition and we ensure that all claims are handled in an efficient and proactive manner by our team of experienced claims executives. We understand that claims can put additional stress on the business and will work with you and your tenants to ensure that this is kept to a minimum.

About Aston Lark

We are proud to now be one of the top five independent Chartered Insurance Brokers in the country, with over 850 staff in 30 regional locations, and trusted by over 100,000 clients across the UK and Ireland.

Our services are wide-ranging, but our customer service is always personal.

We treat everyone as an individual, paying close attention to the smallest detail.

At Aston Lark, we work across all commercial sectors, and a wide range of specialisms in areas such as Motor Trade, Haulage, Construction and Film & Media. We have an Employee Benefits team who will work with you to implement a suitable benefits package that aligns with both your budget and your staff profile. We have a dedicated in-house claims team on hand when you need us the most, and an award-winning Private Clients division providing expert guidance for individuals.

We pride ourselves on our integrity, our experience and our commitment to always delivering. We are proud to be recognised for our ethical good practice, the pursuit of excellence, and for achieving the highest standards for our clients. By getting to know you, we understand you better, and while insurance can be complex, we aim to make things simple and clear. What matters to you, matters to us.

Employee Benefits

Helping to put employees first

Our Employee Benefits team prides itself on providing a high-quality personal service with an honest, loyal and professional approach. By drawing on a wealth of experience and technical knowledge, we ensure that our clients receive the specialised and comprehensive advice they need.

Working closely with you to gain a full understanding of your business, we will plan and implement a suitable benefits package that aligns with both your budget and your staff profile.

As our clients range from those with thousands of employees to those with only a handful, we have the experience to cater for any company's needs – no matter their size.

PERSONAL PRIVATE MEDICAL INSURANCE

COMPANY MEDICAL INSURANCE

The overwhelming demand for free medical treatment under the NHS means that employers may have staff taking extended sick leave and/or needing to take time off work during a key trading period or important project to get the care they need.

Company Medical Insurance can help combat this by providing employees with access to prompt and effective medical care as a private patient.

BUSINESS PROTECTION

Often, the success or failure of a business will depend on a few key employees, due to their specialised knowledge, skills or contacts.

Business Protection cover involves the company taking out a life assurance policy for each key person, where all benefits arising in the event of any claim are paid to the business as a lump sum to support the business as required.

SMALL SCHEMES

Maintaining employee health and wellbeing is paramount when motivating and retaining staff.

Aston Lark's Small Employer Arrangement provides smaller businesses with a chance to establish a competitive package, usually only available to larger organisations.

Private Clients

Protecting what matters to you

Our Private Clients division is an award-winning insurance specialist that excels in meeting the insurance needs for all private individuals.

We understand that your home is more than just a building, and know your personal possessions are more than just contents. That's why we work with you to make sure what matters to you is properly protected. We'll help take the worry away by finding the right level of cover with the right insurer.

With extensive experience working with very private and high-profile clients, we understand how to provide an excellent and confidential service. We have the ability to provide insurance solutions for all types of property, including non-standard construction, and the advice and expertise to cover fine art and antiques, jewellery, classic cars and yachts.
